

## 5-YEAR DIRECT-ENTRY PHD STUDENT COMMITTEE MEETING REPORT

5-Year Direct-Entry PhD students are required to meet with their committee and submit a 5-Year Direct-Entry PhD Student Committee Meeting Report at least twice annually, but it is recommended that this occur as often as necessary to facilitate adequate program progression. It is the student's responsibility to initiate the scheduling of meetings. Failure to submit committee meeting reports to the Graduate Office may result in failure to qualify for internal awards, failure to achieve degree candidacy, and/or suspension from the degree program. Students should complete sections A, B1, and C prior to the committee meeting (the form can be updated from previous meetings). Students are required to bring copies of all past Meeting Reports to subsequent meetings.
